

The 2018 Promising Practices in Character Education represent 5 different countries (United States, Colombia, Taiwan, Mexico and Philippines); 21 states and Washington DC — with the largest numbers from New Jersey, Missouri and Florida; 238 public, charter and private schools as well as 9 youth-serving organizations and 8 school districts. Character.org sponsors the annual program to showcase innovative best practices that are having an impact across the nation and abroad.

11 Principles of Character

- Principle 1:** Core values are defined, implemented, and embedded into school culture.
- Principle 2:** The school defines “character” comprehensively to include thinking, feeling, and doing.
- Principle 3:** The school uses a comprehensive, intentional, and proactive approach to develop character.
- Principle 4:** The school creates a caring community.
- Principle 5:** The school provides students with opportunities for moral action.
- Principle 6:** The school offers a meaningful and challenging academic curriculum that respects all learners, develops their character, and helps them succeed.
- Principle 7:** The school fosters students’ self-motivation.
- Principle 8:** All staff share the responsibility for developing, implementing, and modeling ethical character.
- Principle 9:** The school’s character initiative has shared leadership and long-range support for continuous improvement.
- Principle 10:** The school engages families and community as partners in the character initiative.
- Principle 11:** The school assesses its implementation of character education, its culture and climate, and the character growth of students on a regular basis.
